# RS-25 Retractable Seating

# Introduction

## About Auditoria Services Ltd.

Auditoria Services Ltd. have been designing, manufacturing and installing spectator seating from Rotherham, South Yorkshire, since 1977. Still family owned and now in its second generation, we are committed to investing in our workforce, producing everything in house, sourcing materials locally and placing importance on quality and customer satisfaction. Our team are here to support you through every stage of your project.

### DESIGN

With nearly 50 years' experience in the industry and thousands of successful projects to draw from we have a depth of knowledge that is the envy of our industry. We create bespoke seating solutions with the latest CAD technology, providing customers with 2D and 3D visuals of their seating. Our customisable tried and tested ranges offer reliability, safe operation, long lifetime expectancy and low operational costs.

### MANUFACTURE

We continually invest in the latest technology; constantly improving our designs and processes. Sourcing over 70% of raw materials locally and manufacturing everything under one roof gives us complete control, from initial concept and design, to installation and handover.

### INSTALL

We pride ourselves in some of the best installers in the UK who place the utmost importance in customer satisfaction and quality. We take the safety of our workforce and those working around them seriously and are proud to have won awards and recommendations for our approach to Health and Safety.

### SERVICING

Whilst our seating is designed to require minimal maintenance, our dedicated service team are always on hand for parts, servicing or to answer questions about any of our cinema, retractable, lecture theatre or theatre seating installs.

# Retractable Seating

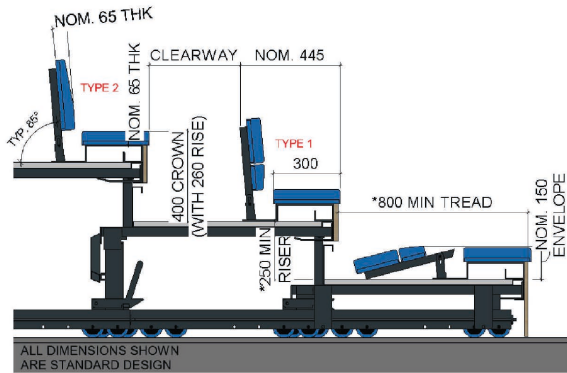

## About Our Retractable Seating Range

As one of the UK's leaders in retractable or bleacher seating, it's easy to see why these versatile systems are our most popular product in multi purpose spaces. By converting flat floor space to a spectator venue in a matter of minutes, telescopic seating not only saves space but also precious turn around time. With an infinite combination of product, material and operation combinations there is a bespoke unit to perfectly fit your requirements.

# RS-25 Specification

## Technical Information

### PRODUCT SPEC

Our RS-25's are installed as fully upholstered bench seat with manually folding matching backrest, fixed on a retractable unit. With a choice of contoured (type 2) or a double (type 1) upholstered backrest.

#### SEAT:

300mm front to back, upholstered thick foam cushion, supported on a high-density plywood base.

#### FOLDING BACKREST (TYPE 1):

100mm lower back section, upper back section 190mm with approx. 10mm gap, upholstered foam cushion, supported on high-density plywood base. Outer back plywood panel also available in clear lacquer or painted RAL 7016 Anthracite Grey.

#### FOLDING BACKREST (TYPE 2):

300mm top to bottom, upholstered foam cushion, supported on high-density plywood base. Outer back plywood panel also available in clear lacquer or painted RAL 7016 Anthracite Grey.

#### STANCHIONS:

The welded assembly is constructed from steel tubes, flat plates, and steel bars, with all parts precision laser cut for accuracy and quality, with a complete positive locking mechanism. The finish for all steelwork is powder coated to RAL 7016 Anthracite Grey or RAL 9005 Jet Black as standard.

#### MATERIALS / OPTIONS:

Covering material to be selected from the standard range. For options refer to the options brochure.
