Lecture Theatre Seating

Our Lecture Seating

Whether your lecture theatres are large or small, fixed or flexible, we can tailor our seating to suit your needs. We have been able to install lecture theatre seating in a large number of educational facilities, including most UK universities.

However, we haven't just been limited to the UK, we have also manufactured lecture theatre seating for schools, colleges, and universities around the world, including the Netherlands, the UAE, and Australia. Thanks to our bespoke tiering you can be assured your audience has an accessible view no matter where they're sat.

As part of our lecture and conference hall seating range, we also offer retractable seating platforms for multi-use spaces, as well as interactive chairs, booth seating, and Harvard lecture theatre seating layouts to encourage collaborative learning.

'Our LT chair range has been independently tested to the relevant requirements of EN 12727-2016 Strength and Durability and meet Level 4'
