# Introduction

## About Auditoria Services Ltd.

Auditoria Services Ltd. have been designing, manufacturing and installing spectator seating from Rotherham, South Yorkshire, since 1977. Still family owned and now in its second generation, we are committed to investing in our workforce, producing everything in house, sourcing materials locally and placing importance on quality and customer satisfaction. Our team are here to support you through every stage of your project.

### DESIGN

With nearly 50 years' experience in the industry and thousands of successful projects to draw from we have a depth of knowledge that is the envy of our industry. We create bespoke seating solutions with the latest CAD technology, providing customers with 2D and 3D visuals of their seating. Our customisable tried and tested ranges offer reliability, safe operation, long lifetime expectancy and low operational costs.

### MANUFACTURE

We continually invest in the latest technology; constantly improving our designs and processes. Sourcing over 70% of raw materials locally and manufacturing everything under one roof gives us complete control, from initial concept and design, to installation and handover.

### INSTALL

We pride ourselves in some of the best installers in the UK who place the utmost importance in customer satisfaction and quality. We take the safety of our workforce and those working around them seriously and are proud to have won awards and recommendations for our approach to Health and Safety.

### SERVICING

Whilst our seating is designed to require minimal maintenance, our dedicated service team are always on hand for parts, servicing or to answer questions about any of our cinema, retractable, lecture theatre or theatre seating installs.

# Our Theatre Seating

## About Our Theatre Seating Range

We recognise that every audience space is unique and therefore we offer tailored designs and options to meet these specific needs. We have worked in the theatre industry for over 50 years and are proud of our installs in some of the UK's most prestigious venues including The York Theatre Royal, Sheffield Crucible Theatre, the Haymarket Theatre Leicester.

'Our TS chair range has been independently tested to the relevant requirements of EN 12727-2016 Strength and Durability and meet Level 4'

# TS-26 Specification

## Technical Information

### PRODUCT SPEC

Our TS-26's are installed as a fully upholstered theatre seating option supported with a large square-profile single or double bench seat and matching backrest.

#### SEAT:

410mm front to back, upholstered foam cushion, supported on a high-density plywood base and fitted with a jacket cover in selected material.

#### BACK:

480mm top to bottom, upholstered foam cushion, with integral lumbar support, on a high-density plywood base. Outside back finished with capping foam and fitted with a jacket cover in selected material.

#### STANCHIONS:

The welded assembly is constructed from steel tubes, flat plates, and steel bars, with all parts precision laser cut for accuracy and quality. The seating consists of an automatic 'silent tip' seat pivot fully enclosed in a metal housing to prevent finger or clothing entrapment and operates through a counterweight tipping action with all rotating parts having hard-wearing nylon bushes for longevity and durability. The finish for all steelwork is powder coated to RAL 7016 Anthracite Grey or RAL 9005 Jet Black as standard.

#### MATERIALS / OPTIONS:

Covering material to be selected from the standard range. For options refer to the options brochure.
