Booth Lecture Theatre Seating

Introduction

About Auditoria Services Ltd.

Auditoria Services Ltd. have been designing, manufacturing and installing spectator seating from Rotherham, South Yorkshire, since 1977. Still family owned and now in its second generation, we are committed to investing in our workforce, producing everything in house, sourcing materials locally and placing importance on quality and customer satisfaction. Our team are here to support you through every stage of your project.

DESIGN

With nearly 50 years' experience in the industry and thousands of successful projects to draw from we have a depth of knowledge that is the envy of our industry. We create bespoke seating solutions with the latest CAD technology, providing customers with 2D and 3D visuals of their seating. Our customisable tried and tested ranges offer reliability, safe operation, long lifetime expectancy and low operational costs.

MANUFACTURE

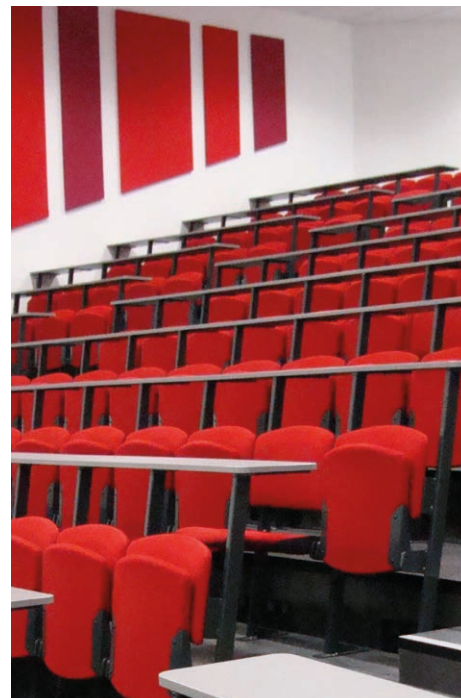

We continually invest in the latest technology; constantly improving our designs and processes. Sourcing over 70% of raw materials locally and manufacturing everything under one roof gives us complete control, from initial concept and design, to installation and handover.

INSTALL

We pride ourselves in some of the best installers in the UK who place the utmost importance in customer satisfaction and quality. We take the safety of our workforce and those working around them seriously and are proud to have won awards and recommendations for our approach to Health and Safety.

SERVICING

Whilst our seating is designed to require minimal maintenance, our dedicated service team are always on hand for parts, servicing or to answer questions about any of our cinema, retractable, lecture theatre or theatre seating installs.

Lecture Theatre Seating

About Our Lecture Theatre Seating Range

Whatever the size, shape or needs of your lecture theatre, we can tailor our chairs to suit your specification. We offer a wide range of seating solutions including standard lecture chairs, interactive chairs, booth seating, conference hall seating, Harvard layouts, and the flexibility of retractable seating with writing tablets or ledges.

'Our LT chair range has been independently tested to the relevant requirements of EN 12727-2016 Strength and Durability and meet Level 4'

OUR BOOTH SEATING

Most teaching sessions are based around a mix of listening to lectures, working around their portable devices, and discussion/activities in break-out groups among other activities. To meet this growing need for flexible teaching environments we have designed our booth style lecture theatre seating. This type of seating layout encourages students to work together in small groups to better develop their communication and team working skills, allowing better collaboration and engagement of the subject matter. We offer different sizes, shapes and configurations to suit departmental teaching needs and venue limitations as well as structural tiering to facilitate the perfect layout.
