Disk Mounted Removable Seating

Introduction

About Auditoria Services Ltd.

Auditoria Services Ltd. have been designing, manufacturing and installing spectator seating from Rotherham, South Yorkshire, since 1977. Still family owned and now in its second generation, we are committed to investing in our workforce, producing everything in house, sourcing materials locally and placing importance on quality and customer satisfaction. Our team are here to support you through every stage of your project.

DESIGN

With nearly 50 years' experience in the industry and thousands of successful projects to draw from we have a depth of knowledge that is the envy of our industry. We create bespoke seating solutions with the latest CAD technology, providing customers with 2D and 3D visuals of their seating. Our customisable tried and tested ranges offer reliability, safe operation, long lifetime expectancy and low operational costs.

MANUFACTURE

We continually invest in the latest technology; constantly improving our designs and processes. Sourcing over 70% of raw materials locally and manufacturing everything under one roof gives us complete control, from initial concept and design, to installation and handover.

INSTALL

We pride ourselves in some of the best installers in the UK who place the utmost importance in customer satisfaction and quality. We take the safety of our workforce and those working around them seriously and are proud to have won awards and recommendations for our approach to Health and Safety.

SERVICING

Whilst our seating is designed to require minimal maintenance, our dedicated service team are always on hand for parts, servicing or to answer questions about any of our cinema, retractable, lecture theatre or theatre seating installs.

Removable Seating

About Our Removable and Portable Range

Our portable and removable chairs provide a quick and flexible solution to venues where permanent seating is not possible, and can be used on their own or to complement any existing Auditoria seating to increase capacity. We can customise any of our designs to fit your space, seating layout or storage requirements whilst offering various temporary fixing options, arms and bespoke storage trolleys.

Disk Mounted Specification

Technical Information

PRODUCT SPEC

Our disk-mounted removable systems are installed as a single chair seating option, and are secured using a hand wheel or temporary bolt. These seating banks are attached to recessed floor flush plates for stability through the chair's footplate.

KEY FEATURES

- Fully Upholstered
- Easy to Add or Remove
- Available With or Without Arms
- Available with Writing Tablets
- Choice of Seating Style from Applicable Standard Ranges
- Choice of Fabrics and Colours
